INTRODUCTION

USA Volleyball and the forty Regional Volleyball Associations are committed to creating a safe and positive environment for its participants' physical, emotional, and social development. Together we will promote an environment free from abuse and misconduct. It must be recognized that the safety of its Participants lies with all those involved in the sport and is not the sole responsibility of any one person at the club, regional or national level.

First, and most importantly, whether one is a gifted athlete or a recreational player, volleyball is FUN! It is a lifetime sport enjoyed by players from 8 to 80. Participation in volleyball is not only good exercise, but also involves team cooperation and spirit.

Athletes enjoy a wide range of physical, emotional and social benefits. Sports develop general physical fitness, and physical exertion has a documented positive mental effect. Athletes have a greater sense of self-worth, demonstrate better collaboration skills, and maintain healthier peer relationships.

Sports, including volleyball, can also be an at-risk environment for misconduct, including physical and sexual abuse. All forms of misconduct are intolerable and in direct conflict with the values of USA Volleyball.

Athlete Safety Policy

USAV's SafeSport policy applies to 1) NGB employees; (2) athletes the NGB designates for the USADA required testing pool (RTP); and (3) individuals the NGB formally authorizes, approves or appoints (a) to a position of authority over, or (b) to have frequent contact with athletes.

USA Volleyball and Regional Volleyball Associations Commitment of ZERO TOLERANCE

The safety of its participants is of paramount importance to USA Volleyball and the Regional Volleyball Associations. Together we have adopted **ZERO TOLERANCE** for abuse and misconduct. This includes not only on-court safety, but also off-court safety in any part of our Volleyball programs. USA Volleyball and the Regional Volleyball Associations are committed to creating safe and fun environments for all Participants. This includes, but is not limited to, providing training, educational materials and resources for regions, clubs, coaches and parents.

Guiding Principles for USA Volleyball and the Regional Volleyball Associations:

1. Committed to providing a safe, healthy and positive environment for Participants' physical, emotional and social development.
2. Believes in an environment free from abuse and misconduct.
3. Believes that all non-athlete Participants share a collective responsibility to protect our membership.
4. Makes training available for all Participants to increase awareness and understanding of athlete protection policies and best practices. USA Volleyball and the Regional Volleyball Associations provides a process for Participants to recognize, respond to and report any SafeSport issues that arise.
5. Provide resources, information and guidance on SafeSport- related issues to all Participants, including coaches, parents and athletes.
6. **Zero Tolerance for USA Volleyball and the Regional Volleyball Associations means that we will treat all allegations of abuse or concerns regarding athlete safety seriously and will respond appropriately per policy.**
7. **USA Volleyball strictly prohibits Staff/Regions/Clubs from charging filing fees for SafeSport reports.**

U.S Center for SafeSport

The U.S. Center for SafeSport (Center), located in Denver, opened in March 2017. The Center's Response and Resolution Office will investigate and resolve alleged policy violations of the SafeSport Code for the U.S. Olympic and Paralympic Movement's 50-member National Governing Bodies, which includes USA Volleyball.

The focus of the Center is to provide services in two areas - the administration of SafeSport Training and to act as an independent party to investigate and resolve allegations of sexual misconduct against any person within the jurisdiction of the national governing bodies, including USAV and its RVAs.

- The SafeSport Code identifies prohibited conduct and serves as the benchmark by which the Center determines whether a policy violation has occurred.*
- Aggregate data from Center investigations will be used to identify trends and patterns across sport, strengthening national prevention efforts.*

Jurisdiction and Authority

As a member of the U.S. Olympic Committee, USA Volleyball and the Regional Volleyball Associations have agreed to adhere to the Center's policies and procedures, which includes the Center's SafeSport Code that identifies prohibited conduct and the procedures for investigating and resolving allegations. The Center will have exclusive authority and jurisdiction to investigate and resolve allegations involving sexual misconduct over Applicable Participants.

Applicable Participants are defined as:

- Within the governance or disciplinary jurisdiction of USA Volleyball*
- USA Volleyball, a Regional Volleyball Association or the USOC authorizes, approves or appoints a person to a position of authority over athletes or who will have frequent contact with athletes*
- Identified by USA Volleyball and the Regional Volleyball Associations as being within the Center's jurisdiction*

The Center will have the exclusive authority to investigate and resolve alleged SafeSport Code violations involving sexual misconduct.

USA Volleyball and the Regional Volleyball Associations will retain the authority to investigate and resolve alleged SafeSport violations that are non-sexual in nature. Although, at USA Volleyball's and its Regional Volleyball Associations request, the Center may exercise the discretionary authority to take on cases of this nature.

All individuals, including those who are not Participants of USA Volleyball and its regions, are encouraged to report suspected violations of SafeSport.

Applicable Participants who are over the age of 18, regardless of state laws, have a federally legislated mandatory reporting obligation per the “**Protecting Young Victims from Sexual Abuse and Safe Sport Authorization Act of 2017**.” The legislation stipulates that individuals must report (1) to appropriate authorities in matters involving possible child abuse, and (2) to the Center in matters involving possible sexual misconduct. Reports must be made within 24 hours.

Applicable Participants who fail to report SafeSport violations may be subject to disciplinary action or criminal penalties.

USA Volleyball strictly prohibits Staff/Regions/Clubs from charging filing fees for SafeSport reports.

USAV adopted the Center's MAAPP effective June 23. MAAPP address two areas, policies for limiting one on one interactions with minors and extends education and training.

Policies that limit one on one interactions address risk areas that present opportunities for abuse to occur. The policy covers the following six (6) areas:

- 1. One-on-One Interactions, including meetings and individual training sessions*
- 2. Massages and Rubdowns/Athlete Training Modalities*

USA Volleyball strictly prohibits Staff/Regions/Clubs from charging filing fees for SafeSport reports.

SECTION III:

USA Volleyball Background Screening Policy

USA Volleyball has had a background screening policy in place since 2003.

*USA Volleyball was one of the first national sports organizations to implement a screening policy and has been considered a leader in requiring a screening of its members. USA Volleyball's strict policy includes set criteria for which a person may be disqualified and prohibited from participation. USAV Policy is aligned with the NGB Athlete Safety policy which provides that backgrounds checks apply to individuals USAV/Regions formally authorizes, approves or appoints (a) to a position of authority over, or (b) to have frequent contact with athletes. USA Volleyball will not authorize or accept any member, under this policy unless that person consents to be screened **and** passes a comprehensive screen by USA Volleyball's approved background screen vendor.*

Purposes of a Screening Policy:

- It is the professional and moral responsibility of USAV and its Member Programs to provide a safe environment for members during sanctioned activities.*
- Protects USA Volleyball participants from known offenders so that such individuals do not have access to USA Volleyball members.*
- Deters offenders who have not been caught from joining USA Volleyball programs because the program has a known policy against abuse.*
- Helps protect USA Volleyball, its Regions and clubs, from liability that could arise from allowing a previous offender to have access to athletes.*
- It protects USAV, its Regions and clubs from state and federal precedence that associations can be held generally liable for sexual misconduct or abuse that can in some way be connected to their sanctioned events.*
- Background screenings are a "risk management tool" to help reduce potential sexual abuse/molestation claims by identifying and eliminating individuals that might pose a threat from the group the insurance company is providing coverage.*

Policy:

It is the policy of USA Volleyball (USAV) and its Regional Volleyball Associations (RVAs) that background checks are required, for those individuals USAV/RVAs formally authorizes, approves, or appoints (a) to a position of authority over, or (b) to have frequent contact with athletes, where the NGB/RVA has control over the appointment process.

As to individuals newly taking such a role, the background screen will be completed before contact with athletes begins and in any event within 45 days of the new role.

The requirement for background checks extends to any non-athlete individual that USAV authorizes to train, stay, or work at an Olympic Training Center.

In addition to the participants listed above, this policy also applies to any club/entity intending to hire or use registered individuals in any sanctioned volleyball events and/or activities (some examples of events or activities that can be sanctioned with regional approval are: tournaments, practices, clinics, tryouts, and fundraisers) will accept and abide by this background screening policy. The following individuals, 18 years of age or older, are examples of those that will be screened: Club directors, club administrators, team reps, coaches, chaperones, medical personnel, applicable ICs, and trainers who intend to register, affiliate and/or participate with a USAV/RVA volleyball club or team. Any Tournament Director/Site Director/On-site Tournament Administrator/Manager and official, medical personnel, applicable IC 18 or older who intends to work a sanctioned event will also be screened with the exception of a junior player. Each RVA may also choose to require other members of their organization to submit to and pass a background screen in order to affiliate with their organization. Additionally, the club/entity will enforce the penalties resulting from a negative background screening report. Failure to do so is grounds for automatic suspension of membership privileges to participate in USAV/RVA sanctioned junior events and/or activities. All disqualified individuals have the right to dispute the findings of the background screening directly with the RVA's approved Background Screen Vendor as well as the right to request a hearing to appeal the disqualification based on USAV's hearing procedures which can be found at www.teamusa.org/usa-volleyball/about-us/governance. All non-USA citizens will require an international criminal background screening when applying for any position stated above. This screening may require additional fees as determined by the RVA.

The RVAs and/or USAV will not register, or allow to be registered, any individual who refuses to consent to a background screen if he/she intends to affiliate and/or participate with a club/team, in the RVA or any other regional or national level programming. Junior members are any members under the age of

18. A background screen will not be required for those individuals who will be classified only as junior players or those individuals not registered, affiliated and/or participating with a junior volleyball club or team in a RVA (other than those categories listed above). For those regions that allow individuals under 18 to be an assistant coach, any individual who is not yet 18 years old and who is in a non-player role affiliated with a junior club must be background screened immediately upon reaching 18 years of age. A 30-day grace period shall apply from the date of the 18th birthday in order to allow time for the background screening to be processed. During the 30-day grace period, the same restrictions apply to the individual and should be enforced as are in place for junior coaches regarding supervision by a qualified adult. It is the responsibility of the individual, club and region to identify the individuals in this situation and to meet the background screening requirement. Upon the conclusion of the 30-day grace period, the individual may not participate in a non-player role affiliated with a junior club unless the background screening requirement is met.

*All screens will be good for two membership seasons (maximum of 26 months) **unless required more frequently by state law**. Anyone that fails a background screen (subject to the right to request a hearing) cannot reapply for another screen until the following season.*

USAV and the RVAs retain the right to require additional background screens at any time.

PROCESS:

Every individual required to submit Background Screening must complete, sign and date the Consent and Waiver Release Form. The Background Screen Consent and Waiver Release form will be submitted and the applicant cleared before the applicant may participate in RVA/USAV sanctioned events and/or activities.

Upon receipt of the above described documents, the USAV/RVA will request that the USAV/RVA approved Background Screen Vendor perform the background screen. All information received as a result of a background check will be strictly confidential. Notice of clearance or disqualification for all applicants will be provided to:

- 1. The designated contact of the RVA that submitted the application.*
- 2. USA Volleyball National Office*

A notice of disqualification will be sent by email by the USAV/RVA approved Background Screen Vendor to the RVA office. The RVA will provide the approved Background Screen Vendor a contact e-mail for the Club Director or highest staff member for the hiring entity. The approved Background Screen vendor will then contact the Club/entity to provide notice of the disqualification and request additional contact information for the disqualified individual.

The complete profile will be sent by the USAV/RVA approved Background Screen Vendor directly to a disqualified individual using the agreed upon method of delivery, along with a copy of the "Summary of Your Rights under the Fair Credit Reporting Act" (FCRA), and a notification that the individual is prohibited from participating in USAV/RVA sanctioned junior events and/or activities.

Individuals disqualified are excluded from participation in any USAV/RVA sanctioned events and/or activities.

**EFFECTIVE SEPTEMBER 1, 2018 DISQUALIFIERS FOR PARTICIPATION IN SANCTIONED EVENTS
AND/OR ACTIVITIES:**

Anyone found guilty, entering a plea of guilty, or a plea of nolo contendere (no contest) regardless of adjudication or received court directed programs and/or other sentencing directives in lieu of a finding of guilt, for the following criminal offenses; All Sex offenses, Murder, and Homicide regardless of time limit; Felony Violence and Felony Drug offenses in the past 10 years; any misdemeanor violence offenses in the past 7 years; any multiple misdemeanor drug and alcohol offenses within the past 7 years; or any other crimes (not listed) against children in the past 7 years (the time frames associated with the categories of crime listed above are calculated based on the date of the offense).

Individuals found to have pending court cases for any of the disqualifying offenses will be disqualified (subject to the right to a hearing). If the disposition of the pending case does not meet the criteria for disqualification as listed above, the individual would then be cleared and reinstated.

Falsification of information on any membership application or the consent/release form is grounds for membership revocation or restriction of membership.

Individuals that are disqualified must wait one season before reapplying for affiliation and/or participation with a junior club or team.

ENFORCEMENT:

The hiring entity is responsible for ensuring adherence to this policy and ensuring that those individuals who are disqualified do not participate in USAV/RVA sanctioned events and/or activities.

PENALTY:

Failure of a club/entity to request background screening or enforce disqualification is cause for the RVA or USAV to impose penalties. The minimum penalty shall be suspension of all members of the offending club/entity until background screening and enforcement requirements are met. Additional measures may include financial penalties and/or extended suspensions against disqualified individuals and/or the club/entity.

SECTION IV

Education and Awareness Training

USA Volleyball has adopted the United States Olympic Committee's SafeSport training materials, which include a series of online training videos, totaling approximately 90 minutes and made available at no cost to the participant. SafeSport training is seasonal requirement. After completing the initial 90-minute training session, a 30-minute refresher is required each following season.

Per the United States Olympic Committee, National Governing Bodies must provide an education program for (1) those individuals it formally authorizes, approves or appoints (a) to a position of authority over, or (b) to have frequent contact with athletes; and (2) NGB staff.

This policy applies to any athlete and non-athlete USAV/Region authorizes to train, reside, or work at any Olympic training Center.

Individuals newly taking such a role, are required to complete the Core Center for SafeSport training before contact with athletes begin and in any event within 45 days of the new role.

The training requirement also applies to adult athletes subject to MAAPP. To prevent any disruption in sport, the Center encourages athletes who are 17 turning 18 to take the Core SafeSport Training. Parental consent is required. Any questions can be directed to safesport.general@usav.org

USAV/Region will periodically monitor compliance.

Applicable individuals include but are not limited to the following registrants: Staff, Board Members, Regional Leadership, Committee Members, Commission Members, Coaches, Officials, Tournament Directors and Staff, Chaperones, Medical Providers and other applicable Independent Contractors.

Training requirements are fulfilled via the Center's Core SafeSport training. Training components include the following modules.

- 1. Sexual Misconduct Awareness Education*
- 2. Reporting Child Sexual Abuse*
- 3. Emotional and Physical Misconduct*

Education is the key component of any abuse and misconduct prevention strategy. Awareness training provides participants with information necessary to more effectively monitor their organization and minimize the opportunities for physical and sexual abuse and other types of misconduct and respond

to concerns. It is also a strong public statement that the organization places a priority on the safety of its participants.

Each Region shall identify an individual responsible for oversight of its SafeSport Program, who will also work with the US Volleyball National office for program updates and materials. Please note that US Volleyball may modify these guidelines from time to time as it deems appropriate.

PARENT AND PLAYER EDUCATION

Parent education is one of the keys to keeping a program safe from abuse and misconduct. Parents can assist by helping avoid situations in which misconduct can occur, by being aware of the signs and symptoms of abuse and by reporting suspected abuse. The U.S. Center for SafeSport released a series of publications to help parents better understand the forms, signs and means of preventing abuse. These parent toolkits can be accessed by clicking on [Complete Parent Toolkit](#).

The Center also offers age appropriate training for minor athletes. This training is not mandatory but introduces the importance of a positive and welcoming environment while also explaining the forms of misconduct and how and where to report it. Age appropriate courses can be accessed at: www.athletesafety.org.

Parents and players will be made aware of USA Volleyball's SafeSport Program through links on the USA Volleyball and individual Region websites, other social media and electronic channels and other suitable means.

USA Volleyball strictly prohibits Staff/Regions/Clubs from charging filing fees for SafeSport reports.

Section V

Monitoring and Supervision of SafeSport

The monitoring and supervision aspect of USA Volleyball's SafeSport Program describes how its Member Programs monitor, supervise and ensure that the aspects of the SafeSport Program (i.e., implementation and enforcement of policies, training requirements, screening requirements, responding, reporting and adjudication procedures, etc.) are being followed and how they may be improved, so that they result in a safe environment for the Participants.

Monitoring and supervision occurs at different levels within USA Volleyball:

➤ **Team Coaches**

- *The Head Coach for each team shall be responsible for monitoring his/her team so that the team is being properly supervised, that the team's travel is conducted in accordance with the Club Travel Policy, that all team electronic communications are in accordance with the Social Media and Mobile and Electronic Communication Policy.*
- *It is recognized that the Head Coach may not be personally responsible for the direct supervision of each of the above areas at all times and may delegate responsibility to team personnel for certain activities or to other properly screened adults, but as the primary supervisor of the team, the Head Coach shall be responsible for delegating as necessary to result in compliance.*

➤ **Regions and Clubs**

- *Regions, Clubs and their administrators shall monitor their programs and enforce compliance of its teams with respect to SafeSport policies set forth by USA Volleyball, The U.S. Center for SafeSport and the United States Olympic Committee.*
- *The goal is to have Regions and Clubs monitor their personnel so that the program's coaches, officials, program administrators, support staff and other program volunteers and employees who will have routine access to minor participants have completed the training in accordance with USA Volleyball guidelines prior to such persons beginning in their position or otherwise having access to youth/junior participants*

- *Regions and Clubs shall promptly address any reports of abuse or misconduct and make all such reports as are required under the USA Volleyball SafeSport Program or applicable law.*
- *Regions and Clubs shall conduct reviews and evaluation of their program and team personnel to monitor and promote compliance with the USA Volleyball SafeSport Program.*

➤ **USA Volleyball National Office**

- *USA Volleyball, working with each Region SafeSport Contact, shall monitor compliance with the USA Volleyball SafeSport Program in all Regions.*
- *USA Volleyball shall monitor all regions to determine whether they are properly supervising and monitoring their local programs' compliance with set guidelines and advising that all training and screening is completed prior to persons beginning in their position or otherwise having access to youth/junior participants.*
- *USA Volleyball and the Regions shall promptly address any reports of abuse and misconduct and make all such reports as are required under the USA Volleyball SafeSport Program or applicable law.*

Appendix
